

Pas dosè

Vineyard tending and grape harvest

With a personality that differs from both Champagne and Franciacorta, Friuli Venezia Giulia has revealed a natural vocation for sparkling wines, following both the Martinotti-Charmat method (with second fermentation in large pressurized tanks) and the Traditional Method (with a second fermentation in the bottle). To honour such vocation we have chosen grapes from our old vineyard of Pinot Bianco vines, and from Ribolla Gialla: these two varieties blend well together and give Pas Dosè, our Traditional Method sparkling wine. Pas Dosè is crafted from impeccable grapes that are carefully brought to an absolute uniformity of maturation. Hand-picked in early harvest, each variety is harvested according to its distinct moment of maturation: first the Pinot Blanc, then the Ribolla

Winemaking, ageing and bottling

The selected grapes are crushed, with a yield in must of about 55% for the future basis of the sparkling wine. Following natural static decanting, it undergoes fermentation “sur lies” until the following spring when the wine is assembled. The second fermentation in bottle, or “tirage”, occurs in May. The whole winemaking process -from the grapes to the bottling- is carefully managed and monitored, with utmost respect for the integrity of the wine. 24 months following the end of the second fermentation, the product undergoes disgorging and dosing with the same wine, no sugar added.

Character

Our everyday life is rather mitigated, often softened, blunt and subdued because we believe it too difficult to cope with. Perhaps being difficult is what it should be, and for this reason worthy, beautiful and good. Tamm is Zero Dosage, without added sugars: essential, and yet full of vitality and its own essence. Engaging perlage, vertical on the palate, crackles in mouth. Crisp but with an unmistakable minerality given by the terroir that defines it clearly, compared to the traditional method sparkling wine from beyond the Alps. On the nose is delicate with fruity, though not sweet, notes that mingle with the yeast and the particular minerality. In this sparkling wine you will not find overpowering buttery, syrupy and toasty flavours. This is, something else.

Food pairing

For true Zero Dosage “lovers”, serve it as an aperitif in the evening. For “newbies”: pair it with any type of dish you want to serve. It will always be a perfect match. Except with desserts.

Serving temperature: 5-6 °C

Alcohol (% vol): 12.5

Total acidity (g/l): 6.50
